

ORDERING INSTRUCTIONS

#1 Fill in the customer information area. This is the billing information as well as where your switch panel will be shipped. Make sure to include phone numbers so if there are any questions Trick will be able to contact you. Take the time to think about your car and how your switch panel needs to be laid out, remember **“measure twice, cut once”**.

#2 Decide if you want a, Dragster, In-Dash, or Roll-Cage panel.

#3 Choose left or right hand cable exit (Roll-Cage only)

#3 # of switches: Circle the number of switches you want on your panel.

#4 Faceplate color: Circle the color of your faceplate
W = White R = Red Y = Yellow
O = Orange P = Purple G = Green
BL = Blue BLK = Black CL=Clear
SL=Silver Other = Call Trick

#5 Fill out Switch panel layout sheet.

#6 Fill out the payment method section.

#7 Return the Trick order form and the switch panel layout sheet to us by e-mail, mail, or fax.

Or call your order in however please have your work sheet ready at the time of the order.
